

**GUIDELINES FOR THE FIRST INTERNATIONAL SYMPOSIUM ON
MICRO/NANO SYSTEMS TECHNOLOGY, 18-21 DECEMBER 2008,
HANOI, VIET NAM**

Than Duc Hien^a

^aInternational Training Institute for Materials Science (ITIMS), Hanoi University of Technology, 1
Dai Co Viet Road, Hanoi, Viet Nam, hien@itims.edu.vn

*The abstract should be a brief summary of the paper and consists of no more than 200 words. **Abstract should be submitted to the Organizing Committee no later than September 30, 2008.** Type the abstract with 1.2 cm indentation on both left and right margin. The Time New Roman font size is 11 point, bold for the author's name(s), 11 point for the postal address(es) and 11 point, italic for the abstract.*

1. GENERAL APPEARANCE

1.1 Page lay-out

The manuscripts must be written in English. They will be printed directly without any further editing. The camera-ready paper should be printed on A4 paper sheets (21cm × 29.7cm) with laser printer (of 300 dpi or higher resolution).

The first page of your paper should start with the heading line (in 12 point, italics, Time New Roman) as indicated on top of this document. The **TITLE** of the paper should be in boldface, uppercase, 13 point, Time New Roman. The Title as well as author's names and address should be typed from centre of the page. Allow one empty line each as spacing between the title and the author's name-addresses, between the author's name-addresses and the abstract, and between the abstract and main text. The main text of 12 point Time New Roman font size is to be single-spaced. In formatting the pages please set the top and the right margin all to 2.5cm, and the left and the bottom margin to 3cm.

1.2 Section headings

MAJOR HEADINGS have to be in uppercase letters, and *sub-heading* in italics. Allow a free space of one (1) empty line before each major heading or sub-heading. In case a sub-heading directly follows a major heading, please give one empty line between them.

2. EQUATION

Equation display should be placed at the centre of the line and numbered consecutively with the equation number set flush right and enclosed in parentheses.

$$\varepsilon(\lambda) = \frac{L_{\lambda}}{L_{bb}} \quad (1)$$

3. FIGURES, PHOTOGRAPHS TABLES AND CITATIONS

Figures and tables can be surrounded by text using a text box. The figure and the table captions are in italic, 11 point Time New Roman.

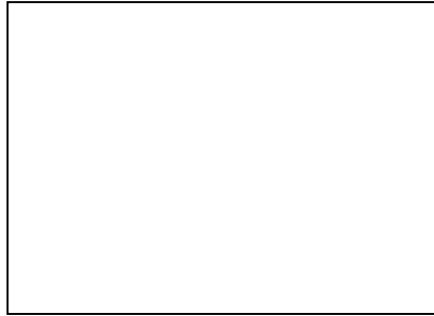

Fig. 1: Caption here

Table 1: Caption here

Sample N ^o	Induction Voltage (mV)	Response time (ms)
1	10	20
2	20	40

Please number citations consecutively in square brackets as [1] or [6,7-10]. The font size of reference is 11 point Time New Roman.

4. SUBMISSION OF PAPERS

The authors are requested to send their papers in duplicates in a diskette with the electronic version written by using Microsoft Word 2003 (or lower version) must be submitted to the Organizing Committee **before November, 21, 2008**. Alternatively, they could be sent by e-mail as file in MS format to duong@itims.edu.vn. In this case, the files names should be "Author ISMST2008.doc". The papers should not be longer than 6 pages including all figures, photographs, tables and references.

ACKNOWLEDGEMENTS

Authors refer to the example below for formatting the references.
